

Founded in 2005, Impex Stone is a private licensed company importing decorative bricks and stones, natural stones and wall concept. Impex Stone distinguishes itself from the competition by the professionalism of its directors and employee's, its most diversified inventory as well as great storage capacity. Respect and integrity are essential values we believe in and bring forward in our relationship with our clientele.

The company's management has more than twenty years of experience in the field of construction and interior design but, more important than our passion for design, our commitment lies with the sustained satisfaction of our customers.

Impex Stone products are distributed through a renowned network of retail stores and renovation centers all across Canada. Whether for an entire wall or a fireplace front, to cover some beams or the complete exterior facade of a house, our huge variety of natural and decorative stones and bricks are the ideal solution to add charm, character, warmth and luxury to any residential or commercial decor.

Take a look at our web site to view photos of projects from some of our most satisfied customers.
